Summary

As a dedicated and innovative computer science student, I bring a solid foundation in programming languages, software development, and problem-solving and I am eager to leverage my skills to contribute to the dynamic challenges in the field of computer science. Seeking an opportunity to apply my knowledge and creativity in a collaborative and growth-oriented environment.

Education

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B-Tech(CSE)	JNTU Kakinada	(Current)	2025
Senior Secondary	BIEAP Board	90.0%	2021
Secondary	BSEAP Board	91.0%	2019

Projects

- **Car Price Prediction**
  Machine Learning Project
  - Developed a machine learning model to estimate the price of used car
  - Leveraged ensemble learning techniques to improve accuracy and handle non-linear relationships

- **Portfolio Website Development**
  Django Project
  - Ensured that the website is responsive across various devices
  - Integrated a blog section into the website

Internship

- **Python Full Stack Intern**   *May. 2023 - June. 2023*
  Vijayawada
  - Gained proficiency in Django, a powerful Python web framework

  - Leveraged Django's MVT (Model-View-Template) architecture for efficient backend development

Skills

- **Proficiency:** Python,SQL
- **Experience:** C++,Django,Machinelearning,HTML,CSS,Bootstrap
- **Familiar:** Java,javascript,C,R
- **Soft skills:** Problemsolving,Adaptability,Communication,Criticalthinking

Key courses taken

- **Mathematics**: Linear Algebra, Basic Calculus, Probability & Statistics
- **Programming in Python**

Achievements

- **Certificate**:

  Python Basic ,Haker Rank
  Python programming and SQL ,EXCELR

EXTRACURRICULARS

- **Volleyball Championship Winner**: Demonstrated teamwork, strategic thinking, and physical endurance to secure victory in a competitive environment

- **National Service Scheme (NSS) Participant**: Actively participated in community service and social initiatives
